

CURRICULUM VITAE

Personal information:

Delphine Hudry

D.O.B.: May ^{5th}, 1983, Mulhouse, France. French nationality
Address: 87 rue Jacquemars Gielée, 59000, Lille, France
Cell phone: +33(0)607444733
Email: d-hudry@o-lambret.fr

Current position: Specialist at Oscar Lambret Cancer Center, Lille, France

Since September 2017 – **Cancer center specialist**
Gynecologic Surgery Department, Oscar Lambret Cancer Center, Lille, France.
Dept. head: Dr. Eric Leblanc.

Previous positions (2000–2017)

November 2016–September 2017	MD- surgeon Gynecologic Surgery Department. Dept. head: Prof. Serge Douvier. Dijon University Hospital
November 2015–November 2016	Fellow at the Lille Cancer Center Surgical Oncology Department. Dept. head: Dr. Eric Leblanc. Oscar Lambret Cancer Center, Lille
October 2014–June 2015	2nd year master's degree in biology and health, specializing in oncology Gustave Roussy Institute, Paris Traineeship in Inserm joint research unit UMR866 under Prof. François Ghiringhelli and Dr. Sylvain Ladoire, Faculty of Medicine and Pharmacy, 7 bd. Jeanne d'Arc, 21079, Dijon
2012-2014	Chief resident Surgical Oncology Department. Dept. head: Prof. Charles Coutant. Georges-François Leclerc Cancer Center, Dijon
2007-2012	MD student in obstetrics and gynecology Dijon Faculty of Medicine, specializing in obstetrics and gynecology
2001-2007	Graduate of the Claude Bernard School of Medicine, Lyon-Nord campus, Lyon University
2000	High school certificate in life and earth sciences Lycée Charles Poncet, Cluses. Final grade: A

Qualifications

October 2012 **MD thesis in medicine.** Dijon University.
Pass with the highest distinction and the praise of the committee. Committee chair: Prof. Jean Cuisenier. Thesis advisor: Prof. Charles Coutant.
Title: *"Prognostic value of sentinel lymph node ultrastaging in breast cancer"*

September 2014 **Specialized MD training in oncology**

Collaborative university training programs:

2017	Diploma in robotic surgery. STAN Institute, Nancy
2016	Diploma in flow cytometry. École Pratique des Hautes Études, Grenoble
2011	Diploma in surgical endoscopy in gynecology. Prof. Mage, Clermont-Ferrand
2010	Diploma in colposcopy and pathology of the cervix and vagina. Prof. Boulanger, Amiens
2009	Diploma in the mechanics and techniques of obstetrics. Prof. Riethmuller, Besançon

First-year master's certificates in Medical and Biological Sciences:

2005	Master's certificate in medical and biological sciences: Human and comparative genomics. Final grade: B-. Prof. Calender, Edouard Herriot hospital, Lyon
2004	Master's certificate in medical and biological sciences: Cellular and molecular mechanisms of development. Final grade: B+. Prof. Trouillas. Laennec Faculty of Medicine, Lyon

Equate to the first year of a master's degree in medical and biological sciences.

Nonprofit positions

1. National positions:

- **Vice-president of the AGOF, the French nonprofit organization for trainees in obstetrics and gynecology** since November 2010.
- **President of the 2011 and 2012 national congresses for trainee obstetricians and gynecologists.**
- **Editor-in-chief of the AGOF journal *le Cordon Rouge de l'A.G.O.F.*** April 2010 to May 2012. Historical articles and coordination of publication.
- **Member of the editorial board of the journal *Gynécologie-Obstétrique et Fertilité*** from 2010 to 2012.

2. Local positions:

- **Overseeing of MD students in obstetrics and gynecology in Dijon.** September 2009 to September 2012.
- **Member of the following nonprofit organizations:** European Society of Gynaecological Oncology and French Cytometry Association

Scientific output

1. Publications:

Hudry, D ; Narducci, F ; Andrade, C ; Leblanc, E ,*Extra-peritoneal para-aortic lymphadenectomy by robot assisted laparoscopy (EPLRL) in 10 steps.*, **Gynecol Oncol**, 2019, 155, 170-171

Racin, A ; Raimond, E ; Bendifallah, S ; Nyangoh Timoh, K ; Ouldamer, L ; Canlorbe, G & al , *Lymphadenectomy in elderly patients with high-intermediate-risk, high-risk or advanced endometrial cancer: Time to move from personalized cancer medicine to personalized patient medicine!*, **Eur J Surg Oncol**, 2019

Reboux, PA ; Azaïs, H ; Canova, CH ; Bendifallah, S ; Ouldamer, L ; Raimond, E & al , *Impact of vaginal brachytherapy in intermediate and high-intermediate risk endometrial cancer: a multicenter study from the FRANCOGYN group.*, **J Gynecol Oncol**, 2019, 30, e53

Houvenaeghel, G ; Lambaudie, E ; Classe, JM ; Mazouni, C ; Giard, S ; Cohen, M & al , *Lymph node positivity in different early breast cancer phenotypes: a predictive model.*, **BMC Cancer**, 2019, 19, 45

Cordoba, A ; Prades, J ; Basson, L ; Robin, YM ; Taïeb, S ; Narducci, F & al , *Adjuvant management of operated uterine sarcomas: A single institution experience.*, **Cancer Radiother**, 2019, 23, 401-407

Courses on teaching

- UNISIMES training courses: 2 days
Course on simulation-based learning
- MOOC on learning the processes behind clinical reasoning
Online course for overseeing medical students

Courses organized at Lille University since November 2017

- Applied courses:

Organized a course on laparoscopy simulators for MD students in obstetrics and gynecology beginning in October 2019 (Presage medical simulation center of Lille University, with Prof. C. Rubod).

- Theory courses:

Course on the prevention and detection of uterine cancer as part of specialized MD training in oncology (beginning in January 2018).

Course on intraperitoneal chemotherapy and pressurized intraperitoneal aerosol chemotherapy, first year of MD training in medical oncology (beginning in January 2018).

- Coordination of hospital students at the Oscar Lambret Cancer Center:

Since November 2017: setting up of a clerkship in surgery for 4th-, 5th- and 6th-year students and provision of a booklet containing learning objectives.

Organization of a 4-week clerkship for 3rd-year students.

Overseeing of 2nd-year traineeships and clinical reasoning classes focusing on history-taking.

- Presentation to the French National Academy of Medicine:

Theme: robotic certification and the teaching of robotic surgery in France. December 2019.

Contributions to professional bodies

Involvement in the ENYGO, the European Network of Young Gynae Oncologists, since November 2019. Elected French representative to the ENYGO for 2 years.

Involvement in SERGS, the Society of European Robotic Gynaecological Surgery: setting up of a certificate in surgery as part of the June 2017 congress in Lille, September 2018 congress in Milan, and June 2019 congress in Sofia.

Research activities

- Active participation in enrolling patients at the Oscar Lambret Cancer Center in clinical trials since September 2018.
- Enrollment since November 2016 in university PhD programs at two research institutes that are partners of the Oscar Lambret Cancer Center: PRISM research unit (Inserm U1192) under Prof. M. Salzet in Villeneuve d'Ascq, and Inserm joint research unit 1231 (LNC) under Prof. F. Ghiringhelli in the CADIR team "Cancer and the adaptive immune response."
- Two ongoing research projects on the same theme:
 - "TilsOv": Prospective study of the phenotypic analysis of circulating lymphocytes in the blood and peritoneum and ascites in patients being treated for carcinosis of ovarian origin. Study enrollment ongoing.
Funding obtained:
2018 Young Researcher Grant on behalf of the French Nord-Ouest GIRCI group promoting clinical research and innovation in the north-west of France: €33 293
French national Unicancer network of cancer centers: €33 000?
 - "Carcinose-prono": Retrospective study of the prognostic evaluation of carcinosis immune infiltrate through immunohistochemical analysis of a patient cohort.
Study ongoing
Search for funding ongoing
